## Chinese Animal Predictions for 2010. Year of the Yang Metal Tiger (Geng Yin)

© Written by Michael Hanna 2010

*There will be further 2010 updates on our Feng Shui blog and Facebook so bookmark them now below...*

*"Real difficulties can be overcome; it is only the imaginary ones that are unconquerable"*

I am sure there will be many Sheep (Goat) that are glad 2009 is drawing to a close, although I know for a fact that so many Sheep have benefited from the 2009 annual and monthly advice we gave and also using our annual cures kits and the personal pocket enhancer along with the fine tuning of our powerful Feng Shui Software.

Chinese astrology is not like western astrology. The whole idea of it is to be informed of what may come and how you can apply cures and enhancers to avoid potential problems and having the information in advance you can avoid many of the problems that are forecast. The information will also assist you to be prepared and to make informed decisions that may affect your wellbeing and endeavors. It is important that you know when and how to avoid the bad influences during the year.

The message I am trying to convey that is even if you are a Monkey and you read below or somewhere else advising that 2010 will not be a good year for you and all misfortunes will befall on you, adopt a positive attitude and follow the advice given below and in the **2010 Flying Star (Xuan Kong) recommendations**, you will be able avoid any bad luck that is forecast. Knowing how to avoid negative Flying Stars can help alter your year's luck in a good way. I know you will come across websites or other Practitioners who will predict all sorts of doom and gloom for a certain animal in any year please take this with a pinch of salt and enjoy a great 2010.

Start preparing and placing your annual cures and enhancers, to ensure a trouble free year and of course make sure you check back each month for our monthly updates giving you even more control. Or you can use our professional Feng Shui software giving you even more control on an annual and monthly basis. This year we have combined the software with our annual cures kit to give even better value. **2010 Tong Shu Almanac Software** and **Flying Star Software**.

*"A Danger Foreseen - Is A Danger That Can Be Avoided"*

Those born in the year of the Monkey may be affected by the conflicting influences of the year of the Yang Metal Tiger (Geng Yin). In saying this, we hope that those born in the year of the Monkey are aware of potential difficulties they may encounter during the year and take extra care in whatever they do without taking undue risks. The degree of influence varies from one person to another. One of the major considerations is the heavenly stem of the year in which one was born, more on this later.

The Tiger year is a year of change and normally with a Tiger year there is much conflict, although with cures and enhancers in place all will be well. The First World War began in a Tiger year and so did China invade Tibet along with Iraq and Sudan conflicts began. This is also a year of uncovering lies told from the past and the recent expenses claims fiasco will in my opinion reveal even more problems and it was a Tiger year that President Nixon and Clinton uncovered many discrepancies that caused many problems. I sincerely hope that the latest Royal Mail strikes do not go on for too much longer as Tiger years also create problems with unions and long drawn out strikes which for us in the UK would be a real problem and one we could do without.

This is also a year that can cause problems with health and with the recent Swine flu scare in the UK I can see this escalating and also problems with the vaccine. Even though this all sounds very negative I can also say that there will be many advances in medicine in 2010 and I will look forward to some good news on Cancer or similar research moving very close to some cures that have never been seen before.

To find your animal sign, check the charts below. If you were born before February 4th (Spring Begins), use the year before. If it is on or after February 4th, then use the same birth year. This is worth double-checking; as you would be amazed how many people born in January or February get it wrong. If you are unsure of your Chinese Animal maybe consider using our **Feng Shui software** that calculates it automatically along with personal Gua, flying stars, annual, fixed and monthly and so much more.

#### Some examples:

- Born 3rd February 1958 = Rooster
- Born 5th February 1958 = Dog
- Born 3rd February 1987 = Tiger
- Born 5th February 1987 = Rabbit

**2010 is the 4707<sup>th</sup> year of the Chinese calendar.**

In China, the solar calendar of the Yang Metal Tiger (Geng Yin) year starts on 4<sup>th</sup> February 2010 at 06:42 China time. In the UK, the new solar year starts on 3<sup>rd</sup> February 2010 at 22:42. In California USA it will start 3<sup>rd</sup> February 2010 at 14:42 and if you live in Barcelona you would place your cures on February 3<sup>rd</sup> at 23:42. Every year we put together a page on **Chinese New Year world times 2010** that will help you confirm times and dates for the Chinese New Years Solar and Lunar. This is not the **Chinese New Year 2010** you would celebrate; please check this website for further details.

## Rat

05 Feb 1924–24 Jan 1925	24 Jan 1936–10 Feb 1937	10 Feb 1948–28 Jan 1949
28 Jan 1960–14 Feb 1961	15 Feb 1972–01 Feb 1973	02 Feb 1984–18 Feb 1985
	19 Feb 1996–05 Feb 1997	

2010 will be a great year overall for the Rat, although you will need to put some effort in and also follow all the advice here along with the **annual flying stars**, this year should be good for wealth, career and general luck. Those Rats born in 1960

and 1972 need to make extra time for those that are important to them, this could involve taking them on a trip that you might be planning or just spending more time socially.

The Tiger year is good for travel for the Rat, which is a common Rat attribute; try to arrange a trip somewhere with loved ones, but plan it at the right time and spend time picking your destination. A good date to travel is between August 6<sup>th</sup> and September 6<sup>th</sup> as this can summon strong money luck but do not travel on the 7<sup>th</sup> or 12<sup>th</sup> August and avoid travelling towards the north. There are more days to be aware of during the year; if you follow our **monthly almanac** you will find these dates or if you wish to know in advance, maybe consider our **Tong Shu Almanac Software**.

Unmarried Rats can expect new relationships for 2010 and the possibility of marriage is strong in this year. Your year will be busy with travel and work but make sure you do not overwork yourself or you will suffer, so take lots of time off and spend it with loved ones as this can be a year of neglecting your partners, friends and family.

2010 will be a productive year for the Rat. The Rat will need to work hard to see results which can make them feel that restless about the developments of the year. If the Rat can stay alert and is able to accept that they need to adapt then they can benefit in many ways.

2010 will see the Rat facing change in their work. This will frequently be that the Rat is given the chance to further their responsibilities in some way. The Rat will have the opportunities to progress well this year and they will definitely make the most of this situation which could be something like a change in management at their work place or new employees; either way, the Rat will benefit from this. The Tiger year enjoys movement and action while the Rat prefers security and stability; this will not affect the Rat as long as they are willing to change.

If a Rat is looking for a change in their profession path, 2010 can give them some excellent opportunities as long as they are not too restrictive and should be happy to take advice. They will greatly benefit from this and could discover many options that they have never previously considered.

Romance is strong and vibrant this year because of the Sui He star. There is a strong chance of marriage for rats in 2010. Married Rat relationships will be relatively harmonious through the year.

Rats born in 1960 will benefit from getting more exercise, especially as they are either 50 or coming up to it and a perfect time to give up some unhealthy vices like smoking or drinking. Those born in 1972 should make the most of every opportunity to meet new people in 2010. Rats born in 1996 stay focused on what has to be done and try to concentrate more, they also need to be careful when eating shell fish. Enjoy your year and remember they are not as bad as you think, give a little flexibility on your side too, if you don't know what I am talking about you will soon.

As a Rat you are in affinity with the Ox. For your protection, you should have a **key chain pendant of an Ox** with you at all times throughout the year in 2010.

**Cautions for month:** Take extra care in the months of February & September and make sure you check back with us monthly to get your updates for the month.

**Your lucky sectors:** (astrological zone) is the North (352.5° - 7.5°) of the home or office. Use blues or black in your decoration if you have a bedroom here. In 2010 the north is a lovely area influenced by the annual flying star #4 and a lovely energy. For full details on **2010 flying star analysis follow this link**.

**To enhance wealth, luck and career in 2010:**

The most powerful and important cure in 2010 is called a Cui Hua Ji Master cure. This cure is only known to a few Masters and in the old days and even now in Asia you would need one of the most excellent Feng Shui Masters to call at your home or business and spend

hours carving the secret inscriptions onto an earth plate square tile cut to exact measurements, made from an earth element such as slate or marble and placed in the centre of your home and then setting eight special quartz crystals. This will normally cost tens of thousands of pounds and obviously only available to the very rich which is still the case in many parts of the world and the reason why we create these powerful cures, so all can afford them and even create them yourselves.

Each crystal is used to work in perfect synergy with the inherent element of the Luo Shu Trigrams giving enhanced protection, wealth, health & peace of mind and releasing the #8 star from the centre to permeate the whole building. We only use the finest quality authentic quartz crystals and they have to be placed exactly as shown in the enclosed instructions with an auspicious dynasty Chinese I-ching coin placed in the centre of the earth plate which must measure between 103 & 108mm and the ones we created are made from 600 million year old Snowdonia slate which is the finest quality earth element you will ever see. This earth plate must face a certain compass direction (the instructions show you how to set this up even if you do not own a compass for northern and southern hemispheres, so it does not matter where in the world you are. This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2010 we decided to include it standard in all our **2010 cures and enhancers kit**. If you follow this link you will find full details **2010 flying star analysis follow this link**.

#### To enhance romance in 2010:

Romance can be enhanced in the north and centre of your home, **click here** for further details.

Be careful if your main door, bedroom or office or any other important room is located in the south, southwest or northeast this year 2010 and make sure you follow the **2010 Flying Star (Xuan Kong) recommendations**. If your office or bedroom is located in one of the directions mentioned, please be aware that in the months of March, May & July 2010 you should make sure you at least place a **Wu Lou or six Chinese coins** tied in a row with red ribbon for the month especially if you are not in good health or very stressed. To further enhance 2010 check out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars for the rest of your life giving you the ultimate control of your home or business, you should consider our **advanced Feng Shui software**; it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world. Combining this with our new incredible and extremely powerful **Tong Shu Almanac date selection software** this will make 2010 a better year indeed.

#### North is the location and direction of the Three Killings

When at work, you may sit facing the north direction only if this is one of your personal good directions, if not, do not sit with your back to the north or you may find unscrupulous people working against you or you may encounter undue gossip and back stabbing during the year. A very powerful enhancer and little known talisman is placing a stone heart specially carved and engraved with a Sheng chi enhanced talisman, the whole cure then needs to have a thought form charm placed inside and positively empowered with sheng chi energy (this is already applied to the one's that we sell). I really do love this cure especially as it is a traditional and little known enhancer to only a few Feng Shui masters. The secret to it is the addition of a piece of earth coloured paper (cream/yellow) with Talismans printed on the paper, you either write your desires/wishes on the paper or cut out an image and stick it on. The image should represent everything you want to achieve in life, an example to some would be a picture of a beautiful home that you desire, a male or female that you admire, a car like a Ferrari, Bentley or Mini etc, the number of children you would like, I think you are getting the picture by now, just create a dream paper with all that you desire either written or even draw the image or you can even download some

images from [www.google.com](http://www.google.com) this really is a very powerful way of manifesting your dreams and it really does work, remember to place the paper by the sheng chi enhancer.

The heart should be cleansed of negative energy and empowered with positive Sheng Ch'i energy in moonlight or sun (this has already carried out to the ones that we sell) which is said to bring wealth, health and good luck. This cure and enhancer is so important in 2010 and why it comes standard in all our **2010 cures and enhancers kit**.

Whilst this star is very auspicious without cures this #4 star can bring both wanted and unwanted romantic opportunities to the household if the cures are not put in place. Having a door in the north with the cures can bring in new opportunities and lots of travel.

### Northeast is where Tai Sui (Grand Duke of Jupiter) resides in 2010

Like 2009 the NE is severely afflicted again in 2010 as we have Tai Sui here for the year but it is also combined with the malicious #2 star that can cause many legal and wealth problems and cures are needed here with a Wealth, protection & romance amulet for 2010 (Shi Dong Wu) which is included in our 2010 annual cures kit as standard. With Tai Sui, you may rely on him for support in that you may sit with him in the northeast and face the southwest. Do not confront him by undertaking any renovation or construction work in the northeast or by sitting in a position that is directly opposite him (southwest). In 2010, this means do not sit with your back to the southwest facing northeast even if this is your best direction. Most traditional Chinese families will place a gold coloured Pi Yao (included in our 2010 cures and enhancers kit) in the southwest of the home facing northeast to appease Tai Sui or if your main door is located in the northeast, place the Pi Yao just inside the door facing northeast. You should also place a salt water cure and six coins in a row in the northeast.

### Sui Po (The year breaker)

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2010 is southwest. You should treat this area the same as the other annual afflictions with no groundbreaking work, renovations or any noisy activities. If disturbed this area can and normally will cause immediate health problems especially for the elderly, so please be very careful. Traditionally to appease Sui Po in a Tiger year you need to display a gold coloured Pi Yao in the SW facing northeast in 2010, we have included the perfect one in our 2010 cures kit. If you have to carry out work or emergency repairs in the southwest place a six hollow metal rod wind chime (if you are using the 2010 cures kit you do not have to think about it) between the building and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our **Tong Shu date selection software**.

To disperse the effects of the year you should hang a set of six Chinese coins tied with red ribbon and placed in the southwest of your home or office this year to control the #5 star, you should also place a salt water cure. For full details on **2010 flying star analysis follow this link**. This is very important in 2010 especially if you have a main door, bedroom, office, lounge or other important room in the southwest and northeast.

## Ox

25 Jan 1925-12 Feb 1926	11 Feb 1937-30 Jan 1938	29 Jan 1949-16 Feb 1950
15 Feb 1961-04 Feb 1962	03 Feb 1973-22 Jan 1974	20 Feb 1985-08 Feb 1986
	07 Feb 1997-27 Jan 1998	

This is a year to be cautious and calm if you are starting a new job especially if you are thinking of going self employed. Think hard and take advice from friends and family as your views in 2010 can be cloudy. 2010 can hold a lot of pressure for the Ox, so be cautious of some obstructions that you may come across.

The Ox can be susceptible to outbursts of rage in 2010 and may tend to get angry over the smallest of things so this is a great year to start to learn tai chi or qi gong or at the very least learn to meditate or relax more.

You should try to stay out of matters that are of no concern to you as this could cause you to get enraged if you get caught up in an argument. The Oxen's health is relatively good this year although you may suffer from a lack of sleep or allergies from time to time. Financial matters can be very mixed during 2010. You should be careful how you spend your money especially when it comes to investments and very cautious when signing documents especially if an important room or main door is located in the south.

Single Oxen will form a successful relationship in 2010; this is also a very good year to get married, so new relationships and progressions are looking really hopeful for this year although married Oxen should spend more time with their partner and introduce more romance into their lives to stop their partner from going astray.

Oxen born in 1961 need to be flexible and aware of other people and not just their own activities. Those born in 1973 will need to be careful in financial matters and be careful not to overspend or invest in large assets unless they are certain. Those born in 1985 will need to take care of their diet and the amount of exercise they do; while they are still young is the perfect time to change their lifestyle for the better so that they can make a routine for the future. Whilst this prediction may seem a little negative if you follow the advice above and below you year will be very good but please do not forget to spend as much time as you can with family and friends and try and mend broken bridges. No matter how much you look at someone in envy, there is always somebody looking the same way at you. Life can be a lot worse than you think, remember to be thankful for what you have, not for what you haven't... Have a wonderful Year.

As an Ox you are in affinity with the Rat. For your protection, you should have a **key chain pendant of a Rat** with you at all times throughout the year.

**Cautions for month:** Take extra care in the months of March, May, October & November and make sure you check back with us monthly to get your updates for the month.

**Your lucky sectors:** (astrological zone) is the Northeast (22.5° - 37.5°) of the home or office. The northeast is not good at all this year and this is why you are advised to place the flying stars cures and enhancers. For full details on **2010 flying star analysis follow this link.**

## Tiger

13 Feb 1926-01 Jan 1927	31 Jan 1938-18 Feb 1939	17 Feb 1950-05 Feb 1951
05 Feb 1962-24 Jan 1963	23 Jan 1974-10 Feb 1975	09 Feb 1986-28 Jan 1987
	28 Jan 1998-15 Feb 1999	

2010 should bring a change of role for the Tiger this year, which could bring them to a new position in work. You must remain focused on your duties or you will become side tracked and find that you are drifting away. There will be many new opportunities in your workplace and you will see benefit in your work this year regardless if you work for someone or yourself. This is the Tigers year and results will be very promising!

Relationships will start off slow in 2010 but will progress with the year and will be relatively good for Tigers at the end. In romantic terms, the Tigers love life will be full of changes. The Tiger will be quite expressive, and will argue with a loved one over trivial matters at any time which can cause unsettlement in a relationship; you need to keep an eye on this and make sure that it does not get out of hand. Married Tigers have a lot of arguments this year, so try hard to control your temper if you want the relationship to remain strong.

The Tiger is active and loves to do things fast; you should not let this happen this year and should slow things down, especially in your investments. If you are planning something big or are looking at purchasing a house, please do not rush into this, take your time and do your research and you will have a great result. You will have very good money luck throughout May 5<sup>th</sup> to June 5<sup>th</sup>. There are more days to be aware of during the year; if you follow our **monthly almanac** you will find these dates or if you wish to know in advance, maybe consider our **Tong Shu Almanac Software**.

The Tiger has a lot of special occasions to look forward to in 2010 including personal news and family occasions to celebrate. Despite all the activity that will be going on around the Tiger this year, it is ideal to take time out to spend it with loved ones. The Tiger can make this a very good year!

Tigers born in 1950 should give serious consideration to their social activities if they are retiring this year. Those born in 1962 should keep a close eye on their finances. Those born in 1974 should focus their energy on one thing at a time rather than taking on many different tasks all at once. Those born in 1986 need to remember to take advice from loved ones. Those born in 1998 should make more enquiries and ask more questions in general in 2010. You will enjoy a good year in 2010 overall but please remember not to confuse wealth and success with happiness, remain grounded and keep your friends and family very close to you.

You are in affinity with the Pig/Boar. For your protection, you should have a **key chain pendant of a Pig**.

**Cautions for month:** Take extra care in the months of April, June, July and December and make sure you check back with us monthly to get your updates for the month.

**Your lucky sector:** (astrological zone) is the Northeast (52.5° - 67.5°) of the home or office. Although the northeast is your astrological zone, this may not be the best direction for you to face when seated at work or doing anything important. If you are relocating your desk this year try to face one of your favourable personal directions, please be aware of the directions and locations of the annual afflictions in particular southwest and northeast in 2010. If you are unsure of your Gua and best directions follow **this link** or maybe consider using our **Feng Shui 2010 software** that calculates Gua, Chinese animal including element, flying stars, annual, fixed and monthly and so much more.

This will normally cost tens of thousands of pounds and obviously only available to the very rich which is still the case in many parts of the world and the reason why we create these powerful cures, so all can afford them and even create them yourselves.

Each crystal is used to work in perfect synergy with the inherent element of the Luo Shu Trigrams giving enhanced protection, wealth, health & peace of mind and releasing the #8 star from the centre to permeate the whole building. We only use the finest quality authentic quartz crystals and they have to be placed exactly as shown in the enclosed instructions with an auspicious dynasty Chinese I-ching coin placed in the centre of the earth plate which must measure between 103 & 108mm and the ones we created are made from 600 million year old Snowdonia slate which is the finest quality earth element you will ever see. This earth plate must face a certain compass direction (the instructions show you how to set this up even if you do not own a compass for northern and southern hemispheres, so it does not matter where in the world you are. This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2010 we decided to include it standard in all our **2010 cures and enhancers kit**. If you follow this link you will find full details **2010 flying star analysis follow this link**.

#### **To enhance romance in 2010:**

Romance can be enhanced in the north and centre of your home, **click here** for further details.

Be careful if your main door, bedroom or office or any other important room is located in the south, southwest or northeast this year 2010 and make sure you follow the **2010 Flying Star (Xuan Kong) recommendations**. If your office or bedroom is located in one of the directions mentioned, please be aware that in the months of March, May & July 2010 you should make sure you at least place a **Wu Lou or six Chinese coins** tied in a row with red ribbon for the month especially if you are not in good health or very stressed. To further enhance 2010 check out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars for the rest of your life giving you the ultimate control of your home or business, you should consider our **advanced Feng Shui software**; it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world. Combining this with our new incredible and extremely powerful **Tong Shu Almanac date selection software** this will make 2010 a better year indeed.

### **North is the location and direction of the Three Killings**

When at work, you may sit facing the north direction only if this is one of your personal good directions, if not, do not sit with your back to the north or you may find unscrupulous people working against you or you may encounter undue gossip and back stabbing during the year. A very powerful enhancer and little known talisman is placing a stone heart specially carved and engraved with a Sheng chi enhanced talisman, the whole cure then needs to have a thought form charm placed inside and positively empowered with sheng chi energy (this is already applied to the one's that we sell). I really do love this cure especially as it is a traditional and little known enhancer to only a few Feng Shui masters. The secret to it is the addition of a piece of earth coloured paper (cream/yellow) with Talismans printed on the paper, you either write your desires/wishes on the paper or cut out an image and stick it on. The image should represent everything you want to achieve in life, an example to some would be a picture of a beautiful home that you desire, a male or female that you admire, a car like a Ferrari, Bentley or Mini etc, the number of children you would like, I think you are getting the picture by now, just create a dream paper with all that you desire either written or even draw the image or you can even download some images from [www.google.com](http://www.google.com) this really is a very powerful way of manifesting your dreams and it really does work, remember to place the paper by the sheng chi enhancer.

The heart should be cleansed of negative energy and empowered with positive Sheng Ch'i energy in moonlight or sun (this has already carried out to the ones that we sell) which is said to bring wealth, health and good luck. This cure and enhancer is so important in 2010 and why it comes standard in all our **2010 cures and enhancers kit**.

Whilst this star is very auspicious without cures this #4 star can bring both wanted and unwanted romantic opportunities to the household if the cures are not put in place. Having a door in the north with the cures can bring in new opportunities and lots of travel.

### **Northeast is where Tai Sui (Grand Duke of Jupiter) resides in 2010**

Like 2009 the NE is severely afflicted again in 2010 as we have Tai Sui here for the year but it is also combined with the malicious #2 star that can cause many legal and wealth problems and cures are needed here with a Wealth, protection & romance amulet for 2010 (Shi Dong Wu) which is included in our 2010 annual cures kit as standard. With Tai Sui, you may rely on him for support in that you may sit with him in the northeast and face the southwest. Do not confront him by undertaking any renovation or construction work in the northeast or by sitting in a position that is directly opposite him (southwest). In 2010, this means do not sit with your back to the southwest facing northeast even if this is your best direction. Most traditional Chinese families will place a gold coloured Pi Yao (included in our 2010 cures and enhancers kit) in the southwest of the home facing northeast to appease Tai Sui or if your main door is located in the northeast, place the Pi Yao just inside the door facing northeast. You should also place a salt water cure and six coins in a row in the northeast.

## Sui Po (The year breaker)

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2010 is southwest. You should treat this area the same as the other annual afflictions with no groundbreaking work, renovations or any noisy activities. If disturbed this area can and normally will cause immediate health problems especially for the elderly, so please be very careful. Traditionally to appease Sui Po in a Tiger year you need to display a gold coloured Pi Yao in the SW facing northeast in 2010, we have included the perfect one in our 2010 cures kit. If you have to carry out work or emergency repairs in the southwest place a six hollow metal rod wind chime (if you are using the 2010 cures kit you do not have to think about it) between the building and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our **Tong Shu date selection software**.

To disperse the effects of the year you should hang a set of six Chinese coins tied with red ribbon and placed in the southwest of your home or office this year to control the #5 star, you should also place a salt water cure. For full details on **2010 flying star analysis follow this link**. This is very important in 2010 especially if you have a main door, bedroom, office, lounge or other important room in the southwest and northeast.

## Hare/Rabbit

02 Feb 1927-22 Jan 1928	19 Feb 1939-07 Feb 1940	06 Feb 1951-26 Jan 1952
25 Jan 1963-12 Feb 1964	11 Feb 1975-30 Jan 1976	29 Jan 1987-16 Feb 1988
	16 Feb 1999-04 Feb 2000	

2010 will be another mixed year for female Rabbits, however, the year is a lot better for the males although on the whole a good year for both sexes especially if you follow this advice. Male Rabbits will have slightly better auspicious luck than the female Rabbits this year. It could be beneficial for the Rabbit if they start a new job where they have to travel away from their home town as the change of scenery will refresh them and give them a whole new positive attitude towards work.

Female Tigers do not have the greatest of luck financially this year, I would recommend keeping large purchases and shopping sprees to a minimum, as there are predictions of a loss of finances for the female Rabbits!

Rabbits both male and female will see an increase in their social life in 2010, there will be a lot more going on involving parties, social gatherings, business functions and activities; this may get a bit too much at times so make sure that you use your great organizational skills to stay on top of things or it could become a bit too much for you. 2010 may bring you and your friends and family a lot closer and this will be beneficial to you as they will offer good advice this year that you should take, but only when you agree with it!

Make sure that you are careful with your spending through July 7<sup>th</sup> to August 6<sup>th</sup> as you may find that your expenses are greater through this time. There are more days to be aware of during the year; if you follow our **monthly almanac** you will find these dates or if you wish to know in advance, maybe consider our **Tong Shu Almanac Software**.

The Rabbits career will be a mix of highs and lows this year as obstacles stand in the way of you achieving what you want. You may find that colleagues could try to disrupt your work pace so keep an eye out for disruptions around you and try to avoid taking on somebody else's duties unless you think their request for help is genuine. Overall this will be a good year for your career.

Rabbits born in 1951 should expect higher living costs throughout this year. Those born in 1963 should research before making expensive purchases. Those born in 1975 should try and stay active and take up new forms of exercise. Those born in 1987 will need to stay disciplined and stick to a routine when studying. Those born in 1939 should be open to the

advice from experts. Enjoy a fantastic 2010 but stay true the people around you that remained in times of trouble and remember people may not remember what you did for them, or even what you said, but they will always remember how you made them feel.

You are in affinity with the Dog. For your protection, you should have a **key chain pendant of a Dog**.

**Cautions for month:** Take extra care in the months of April, July and December and make sure you check back with us monthly to get your updates for the month.

**Your lucky sector:** (astrological zone) is the East (82.5° – 97.5°) of the home or office.

If you are relocating your desk this year to face one of your favourable personal directions, please be aware of the directions and locations of the annual afflictions in particular north and west in 2010. If you are unsure of your Gua and best directions follow **this link** or maybe consider using our **Feng Shui software** that calculates Gua, Chinese animal including element, flying stars, annual, fixed and monthly and so much more.

#### **To enhance wealth, luck and career in 2010:**

The most powerful and important cure in 2010 is called a Cui Hua Ji Master cure. This cure is only known to a few Masters and in the old days and even now in Asia you would need one of the most excellent Feng Shui Masters to call at your home or business and spend hours carving the secret inscriptions onto an earth plate square tile cut to exact measurements, made from an earth element such as slate or marble and placed in the centre of your home and then setting eight special quartz crystals. This will normally cost tens of thousands of pounds and obviously only available to the very rich which is still the case in many parts of the world and the reason why we create these powerful cures, so all can afford them and even create them yourselves.

## Dragon

23 Feb 1928-09 Feb 1929	08 Feb 1940-26 Jan 1941	27 Jan 1952-13 Feb 1953
13 Feb 1964-01 Feb 1965	31 Jan 1976-17 Feb 1977	17 Feb 1988-15 Feb 1989

	05 Feb 2000-23 Jan 2001	
--	-------------------------	--

The year 2010 is a year of ups and downs for the Dragon although overall the year will be good. Dragons will be enthusiastic to advance at work and will feel ready for new challenges with the new experiences they have had throughout 2009. They will be persistent when applying for new jobs although the year of the Tiger will produce a lack of results which can discourage you at times; but stay strong, you will miss some opportunities but a good one will appear that you thought you had no chance of getting! Aim high and do not underestimate your abilities for work in 2010.

You will need to budget during 2010 and should not make too many impulsive purchases. You will also need to budget your money so that you can afford to pay off any major expense in a lump sum in order for you not to get into debt. If you are able to do this you will benefit from a better income at work if you also put the effort in.

It is important that you take care of yourself this year due to your busy schedule. It can be very easy to get wrapped up in your life and you could let your diet and health deteriorate! Your home life could leave you tired and tense because of all that you have going on in your life. Put your feet up every now and again and have some much needed R&R (rest and relaxation). You will find yourself involved in many projects around your home in 2010 including renovation for different areas of the home; make sure you read about the annual afflictions and how to avoid the wrath of Tai Sui. You would benefit from taking a holiday to a new location this year with your loved ones, the ideal time is between November 7<sup>th</sup> and December 6<sup>th</sup>; but be sure to relax on holiday as you could become ill.

Dragons born in 1940 should keep their eye out for travel offers as this will have very positive results for you. Those born in 1952 should be open to new possibilities. Those born in 1964 should be willing to adjust. Those born in 1976 should appreciate their home life more. Those born in 1988 should take every opportunity possible to meet new people. Expect a few ups and downs in 2010 but on the whole you can expect some very good news regardless of what year you were born and try not to worry so much, it really is not as bad as you think and remember it is better to look where you're going than to see where you've been.

You are in affinity with the Rooster. For enhancement keep a **key chain pendant of a Rooster** on you.

**Cautions for month:** Take extra care in the months of March, June, August and December and make sure you check back with us monthly to get your updates for the month.

**Your lucky sector:** (astrological zone) is the Southeast (112.5° – 127.5°) of the home or office. Although the southeast is your astrological zone, this may not be the best direction for you to face in 2010 when seated at work or doing anything important. To find your personal favourable or unfavourable directions, you have to look at your personal Gua number based on the year you were born. If you are unsure of your Gua and best directions follow [this link](#) or maybe consider using our **Feng Shui software** that calculates Gua, Chinese animal including element, flying stars, annual, fixed and monthly and so much more.

## Snake

10 Feb 1929-29 Jan 1930	27 Jan 1941-14 Feb 1942	14 Feb 1953-02 Feb 1954
02 Feb 1965-20 Jan 1966	18 Feb 1977-06 Feb 1978	16 Feb 1989-26 Jan 1990
	24 Jan 2001-11 Feb 2002	

The Snake likes a slow and steady pace, which will shock them in the Tiger year, as it will be filled with so much activity at times that they will need to adjust to a fast pace to make the most of the year of the Tiger. You may find that your workplace is becoming unfamiliar and everything is changing around you as you enter the Chinese New Year 2010, but this will easily mould around your way of working if you give it time and adjust a little. You may find that in February, March, June and

November you are given opportunities to do well in work and I would recommend taking them.

You may find that expenses seem to appear high in 2010; you may need to replace things around your home or repair vital areas and make quick decisions, you should always research what you are getting into and do not sign contracts for work to be carried out straight away until you have read the terms and conditions!

If you are planning on putting money away this year, do it! This year can be very beneficial for the Snake if you put money away for pensions and savings. You would benefit from a holiday this year possibly somewhere that you have never been before. You should be careful with the advice you give to others especially if you are unsure if you are giving the right advice, as they will be likely to listen to you and act upon what you say this year. Your relations with other people will generally be good, you may however, find yourself being drawn towards awkward situations at time. You should try to keep in regular contact with your friends and family and go to as many social events that you possibly can as this can help you unwind and blow off some steam.

Snakes born in 2001 should clear all their rubbish out of their bedrooms, especially all of those old toys! Obviously it will be difficult to give this advice to an 8 year old so mums and dads will have to make changes for them; in 2010 clutter is not good for Snakes'. Those born in 1953 should make time for their children (big children I know but they will always be children in your eyes) and other relations around them. Those born in 1965 should keep their head strong and not let things get them down. Those born in 1977 should keep their options open and not turn away from new ideas. Those born in 1989 should learn to become more confident and proud of themselves. Regardless of when you were born look forward to some nice news in 2010 and think positively, the year will be good even with the high's and lows. Enjoy a fantastic 2010.

You are in affinity with the Monkey. For your protection, you should have a **key chain pendant of a Monkey**.

**Cautions for month:** Take extra care in the months of July and November and make sure you check back with us monthly to get your updates for the month.

**Your lucky sector:** (astrological zone) is the Southeast (142.5° – 157.5°) of the home or office. Although the southeast is your astrological zone, this may not be the best direction for you to face in 2010 when seated at work or doing anything important. To find your personal favourable or unfavourable directions, you have to look at your personal Gua number based on the year you were born. If you are unsure of your Gua and best

directions follow [this link](#) or maybe consider using our **Feng Shui 2010 software** that calculates Gua, Chinese animal including element, flying stars, annual, fixed and monthly and so much more.

#### **To enhance wealth, luck and career in 2010:**

The most powerful and important cure in 2010 is called a Cui Hua Ji Master cure. This cure is only known to a few Masters and in the old days and even now in Asia you would need one of the most excellent Feng Shui Masters to call at your home or business and spend hours carving the secret inscriptions onto an earth plate square tile cut to exact measurements, made from an earth element such as slate or marble and placed in the centre of your home and then setting eight special quartz crystals. This will normally cost tens of thousands of pounds and obviously only available to the very rich which is still the case in many parts of the world and the reason why we create these powerful cures, so all can afford them and even create them yourselves.

Each crystal is used to work in perfect synergy with the inherent element of the Luo Shu Trigrams giving enhanced protection, wealth, health & peace of mind and releasing the #8 star from the centre to permeate the whole building. We only use the finest quality authentic quartz crystals and they have to be placed exactly as shown in the enclosed instructions with an auspicious dynasty Chinese I-ching coin placed in the centre of the earth plate which must measure between 103 & 108mm and the ones we created are made from 600 million year old Snowdonia slate which is the finest quality earth element you will ever see. This earth plate must face a certain compass direction (the instructions show you how to set this up even if you do not own a compass for northern and southern hemispheres, so it does not matter where in the world you are. This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2010 we decided to include it standard in all our **2010 cures and enhancers kit**. If you follow this link you will find full details **2010 flying star analysis follow this link**.

#### **To enhance romance in 2010:**

Romance can be enhanced in the north and centre of your home, [click here](#) for further details.

Be careful if your main door, bedroom or office or any other important room is located in the south, southwest or northeast this year 2010 and make sure you follow the **2010 Flying Star (Xuan Kong) recommendations**. If your office or bedroom is located in one of the directions mentioned, please be aware that in the months of March, May & July 2010 you should make sure you at least place a **Wu Lou or six Chinese coins** tied in a row with red ribbon for the month especially if you are not in good health or very stressed. To further enhance 2010 check out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars for the rest of your life giving you the ultimate control of your home or business, you should consider our **advanced Feng Shui software**; it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world. Combining this with our new incredible and extremely powerful **Tong Shu Almanac date selection software** this will make 2010 a better year indeed.

#### **North is the location and direction of the Three Killings**

When at work, you may sit facing the north direction only if this is one of your personal good directions, if not, do not sit with your back to the north or you may find unscrupulous people working against you or you may encounter undue gossip and back stabbing during the year. A very powerful enhancer and little known talisman is placing a stone heart specially carved and engraved with a Sheng chi enhanced talisman, the whole cure then needs to have a thought form charm placed inside and positively empowered with sheng

chi energy (this is already applied to the one's that we sell). I really do love this cure especially as it is a traditional and little known enhancer to only a few Feng Shui masters. The secret to it is the addition of a piece of earth coloured paper (cream/yellow) with Talismans printed on the paper, you either write your desires/wishes on the paper or cut out an image and stick it on. The image should represent everything you want to achieve in life, an example to some would be a picture of a beautiful home that you desire, a male or female that you admire, a car like a Ferrari, Bentley or Mini etc, the number of children you would like, I think you are getting the picture by now, just create a dream paper with all that you desire either written or even draw the image or you can even download some images from [www.google.com](http://www.google.com) this really is a very powerful way of manifesting your dreams and it really does work, remember to place the paper by the sheng chi enhancer.

The heart should be cleansed of negative energy and empowered with positive Sheng Ch'i energy in moonlight or sun (this has already carried out to the ones that we sell) which is said to bring wealth, health and good luck. This cure and enhancer is so important in 2010 and why it comes standard in all our **2010 cures and enhancers kit**.

Whilst this star is very auspicious without cures this #4 star can bring both wanted and unwanted romantic opportunities to the household if the cures are not put in place. Having a door in the north with the cures can bring in new opportunities and lots of travel.

### **Northeast is where Tai Sui (Grand Duke of Jupiter) resides in 2010**

Like 2009 the NE is severely afflicted again in 2010 as we have Tai Sui here for the year but it is also combined with the malicious #2 star that can cause many legal and wealth problems and cures are needed here with a Wealth, protection & romance amulet for 2010 (Shi Dong Wu) which is included in our 2010 annual cures kit as standard. With Tai Sui, you may rely on him for support in that you may sit with him in the northeast and face the southwest. Do not confront him by undertaking any renovation or construction work in the northeast or by sitting in a position that is directly opposite him (southwest). In 2010, this means do not sit with your back to the southwest facing northeast even if this is your best direction. Most traditional Chinese families will place a gold coloured Pi Yao (included in our 2010 cures and enhancers kit) in the southwest of the home facing northeast to appease Tai Sui or if your main door is located in the northeast, place the Pi Yao just inside the door facing northeast. You should also place a salt water cure and six coins in a row in the northeast.

### **Sui Po (The year breaker)**

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2010 is southwest. You should treat this area the same as the other annual afflictions with no groundbreaking work, renovations or any noisy activities. If disturbed this area can and normally will cause immediate health problems especially for the elderly, so please be very careful. Traditionally to appease Sui Po in a Tiger year you need to display a gold coloured Pi Yao in the SW facing northeast in 2010, we have included the perfect one in our 2010 cures kit. If you have to carry out work or emergency repairs in the southwest place a six hollow metal rod wind chime (if you are using the 2010 cures kit you do not have to think about it) between the building and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our **Tong Shu date selection software**.

To disperse the effects of the year you should hang a set of six Chinese coins tied with red ribbon and placed in the southwest of your home or office this year to control the #5 star, you should also place a salt water cure. For full details on **2010 flying star analysis follow this link**. This is very important in 2010 especially if you have a main door, bedroom, office, lounge or other important room in the southwest and northeast.

## **Horse**

30 Jan 1930-16 Feb 1931

15 Feb 1942-04 Feb 1943

03 Feb 1954-23 Jan 1955

21 Jan 1966-08 Feb 1967	07 Feb 1978-27 Jan 1979	27 Jan 1990-14 Feb 1991
	12 Feb 2002-31 Jan 2003	

The Horse may find that they may be confronted by obstacles in their career in 2010 as this is an unbalanced year with highs and lows. Sadly the amount of work that you put in at work will not balance out the benefits and you may find yourself putting too much effort into unrewarding tasks. You must remember to be calm and work through a task in stages, not in one big go. You can however, make 2010 very beneficial for you if you are decisive and use your initiative and follow the advice in this report.

You will find that there will be things trying to hold you back or stop you getting good results in the spring time; you need to find a way to not let these affect you because the second half of the year will have a much more positive path. You must remember to reserve your energy and make sure that you are ready for this more auspicious time which will bring you many more opportunities.

You must avoid short cuts for financial gain, quick fixes may seem great at the time but they will soon catch up on you in the form of debts in 2010 so please be careful and follow the monthly flying star advice in 2010. Secondary jobs or private jobs can work out extremely successful for Horses born in 1954 or 1978.

Romance for the Horse is not going to go so well in 2010, although single Horses may see positive effects this year. Relationships will be average this year and can be kept peaceful if you try not to argue. Please keep a look out for health problems relating to burns, eye diseases and heart problems throughout 2010, the younger generation of Horses should seriously avoid the fire element; anything like firecrackers or guns as this will be very negative for them this year and of course where the gun is concerned!

Horses born in 1990 need to have more faith in themselves and should invest in their career, be this an education book or anything that can kick start their new decade off this year. Those born in 1942 should seize opportunities when they arise in 2010. Those born in 1954 need to take other peoples ideas into consideration. Those born in 1966 should be aware of new opportunities arising and should accept a helping hand when somebody offers it. Those born in 1978 should be prepared to take advantage of an opportunity when it appears.

There will possibly be doors opening that you thought had closed a long time ago, the most important thing to remember is to spot a good opportunity when it comes and do not overlook the small print of any offer. With regards to scandals or gossip, this could be someone very close to you causing it, so please keep an ear to the ground and if you do discover who it is then leave it a few days before you approach them. This will allow you to have a clear mind and not say things you may regret later. Think before you act. 2010 will be a great year as long as you are cautious and follow this advice.

This is a great year to reflect on your life and be honest with yourself, our true character is what we do when we think no one is looking, be true to yourself and help as many people as you can in 2010, you will get real rewards from this, read my words again, this could change your life and expect good changes in 2010, reputation is what the world thinks a person is; character is what they really are. Enjoy your year, it will be great.

You are in affinity with the Sheep/Goat. For your protection, you should have a **key chain pendant of a Goat**.

**Cautions for month:** Take extra care in the February, March and July and make sure you check back with us monthly to get your updates for the month.

**Your lucky sector:** (astrological zone) is the South (172.5° – 187.5°) of the home or office. For full details on **2010 flying star analysis follow this link**. To find your

personal favourable or unfavourable directions, you have to look at your personal Gua number based on the year you were born. If you are unsure of your Gua and best directions follow [this link](#) or maybe consider using our **Feng Shui software** that calculates Gua, Chinese animal including element, flying stars, annual, fixed and monthly and so much more.

Although the south is your astrological zone, this may not be the best direction for you to face when seated at work or doing anything important. To find your personal favourable or unfavourable directions, you have to look at your personal Gua number based on the year you were born.

## Goat/Ram/Sheep

17 Feb 1931-05 Feb 1932	05 Feb 1943-24 Jan 1944	24 Jan 1955-11 Feb 1956

	01 Feb 2003-21 Jan 2004	

2010 will be a year of career and financial gains for the Goat, you may accumulate a considerable amount of wealth and fame throughout this year if you follow this advice and work hard and smart. There could be a lot of activity this year at work; you will find that a project that has previously brought you a lot of stress and taken up a lot of your time will bring out many of your positive qualities to the attention of you and others around you. If you are going to take on a new responsibility you should be warned that you will need to learn new skills at a fast speed although this will be very beneficial to you especially if you are given the chance to go on a training course. You will find yourself meeting a lot of new people in 2010 and you will find that you win a lot of them over with your ability to relate to others. You may meet new people this year that you could build a strong friendship with.

You will benefit from learning new skills; this could be anything from reading a new book to studying a new talent. 2010 is a great time for using your initiative and going ahead with new opportunities. The Goat will take a lot of pride in their new purchases throughout this year but should remember to not make too many impulsive purchases and should not rush into buying something, as you may find that 56 inch plasma television not the best investment you made and neither is it good for the health of our planet so stay small and cautious in 2010! Make sure you research any large purchases before you commit to buying, as you may end up spending more money this year than you can afford to. If you EVER have any doubts in financial situations throughout this year, please seek advice as this could save you a great deal of time and money.

At home this year, you will need to have flexibility with plans as there will be a lot of activity in your home. You will find that you decide exactly what you want to get done although this year is not good for timetables and rota's, try not to plan too much at once; you will achieve a considerable amount if you learn to do things when it is convenient. If you find it possible, take a holiday with a loved one this year, you will benefit from the change of scenery even if you do not go very far.

Romance will be very good for you this year, especially if you are looking to get married. Love is very strong for the Goat in 2010 although there is the possibility that a married Goat could find a short term relationship with another person.

Those born in 1991 should follow their interests and try to expand them. Those born in 1943 should ask for advice from people they trust as they will benefit from this. Those born in 1955 need to keep an eye out for new opportunities as there will be plenty in 2010. Those born in 1967 should not linger in the past as a lot can happen for you when you are willing to move on. Those born in 1979 should spend more time with those who are close to you and take opportunities when they come along. A lost friend or even a family member that became detached may bring good news in 2010 and it is a great year to mend broken bridges, it really is worth contacting lost friends to try and reconcile, expect a great year in 2010.

You are in affinity with the Horse. For your protection, you should have a **key chain pendant of a Horse.**

I am sure you have found many websites and books predicting a bad year for the monkey, I do not think it will be that bad at all especially if you follow our advice. 2010 will bring many changes to the Monkey; this will be at work for most of you. You may find that you are introduced to new staff, a different approach to work or you may take on a different role. Many Monkeys will not be to keen about this but you need to learn to adjust if you are to find happiness in your work place. The Monkey is known for their great people skills but you will need to be careful with your relations with colleagues, if you do not keep an eye on this you may find yourself feeling isolated or underappreciated. Your ability to overcome problems and think of solutions fast will leave you with good results this year.

The Monkeys financial year will need monitoring and care throughout this year but there will be no problems providing you are careful. You will need to remain disciplined with your money and try to not make too many impulsive purchases. If you are interested in a large investment this year you would benefit if you got advice from a professional, as this year could lead you to rush decisions. It is important that you do a lot of exercise this year; maybe one good purchase would be a gym membership as your long hours and change of career could leave you feeling weak. Try to maintain a balanced diet as well.

You are used to keeping on top of many things at once but this year could get a bit too much for you so try to plan one thing at a time and don't get ahead of yourself.

Those born in 1980 should stay aware of what is going on around them as this will help them to adapt to changes. Those born in 1992 should keep their ears open to advice and should take it in as this can help decisions. Those born in 1944 should accept the help of others. Those born in 1956 should look at new possibilities as this could benefit you in work. Those born in 1968 should try to learn from their experiences. With regards to wealth, business and career, 2010 can be a year of seeds you planted over the last few years which will now blossom, so please make the most of this year as the wind can be behind you with regards to wealth. Do not think though that all this means you can just sit back and let the good times happen, hard work is still needed by you. Expect good news July and remember to spend more time with family and friends in 2010 as they can feel neglected and remember success is getting what you want. Happiness is liking and appreciating what you get.

You are in affinity with the Snake. For your protection, you should have a **key chain pendant of a Snake**.

**Cautions for month:** Take extra care in the months of May, June and August and make sure you check back with us monthly to get your updates for the month.

**Your lucky sector:** (astrological zone) is the Southwest (232.5° – 247.5°) of the home or office. To cure place some round metal objects in the southwest corner of your room. Although the southwest is your astrological zone, this may not be the best direction for you to face when seated at work or doing anything important. If you are relocating your desk this year to face one of your favourable personal directions, Maybe consider using our **Feng Shui 2010 software** that calculates Gua, Chinese animal including element, flying stars, annual, fixed and monthly and so much more.

#### **To enhance wealth, luck and career in 2010:**

The most powerful and important cure in 2010 is called a Cui Hua Ji Master cure. This cure is only known to a few Masters and in the old days and even now in Asia you would need one of the most excellent Feng Shui Masters to call at your home or business and spend

hours carving the secret inscriptions onto an earth plate square tile cut to exact measurements, made from an earth element such as slate or marble and placed in the centre of your home and then setting eight special quartz crystals. This will normally cost tens of thousands of pounds and obviously only available to the very rich which is still the case in many parts of the world and the reason why we create these powerful cures, so all can afford them and even create them yourselves.

Each crystal is used to work in perfect synergy with the inherent element of the Luo Shu Trigrams giving enhanced protection, wealth, health & peace of mind and releasing the #8 star from the centre to permeate the whole building. We only use the finest quality authentic quartz crystals and they have to be placed exactly as shown in the enclosed instructions with an auspicious dynasty Chinese I-ching coin placed in the centre of the earth plate which must measure between 103 & 108mm and the ones we created are made from 600 million year old Snowdonia slate which is the finest quality earth element you will ever see. This earth plate must face a certain compass direction (the instructions show you how to set this up even if you do not own a compass for northern and southern hemispheres, so it does not matter where in the world you are. This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2010 we decided to include it standard in all our **2010 cures and enhancers kit**. If you follow this link you will find full details **2010 flying star analysis follow this link**.

If your office or bedroom is located in one of the directions mentioned, please be aware that in the months of March, May & July 2010 you should make sure you at least place a **Wu Lou or six Chinese coins** tied in a row with red ribbon for the month especially if you are not in good health or very stressed. #### North is the location and direction of the Three Killings

When at work, you may sit facing the north direction only if this is one of your personal good directions, if not, do not sit with your back to the north or you may find unscrupulous people working against you or you may encounter undue gossip and back stabbing during the year. A very powerful enhancer and little known talisman is placing a stone heart specially carved and engraved with a Sheng chi enhanced talisman, the whole cure then needs to have a thought form charm placed inside and positively empowered with sheng chi energy (this is already applied to the one's that we sell). I really do love this cure especially as it is a traditional and little known enhancer to only a few Feng Shui masters. The secret to it is the addition of a piece of earth coloured paper (cream/yellow) with Talismans printed on the paper, you either write your desires/wishes on the paper or cut out an image and stick it on. The image should represent everything you want to achieve in life, an example to some would be a picture of a beautiful home that you desire, a male or female that you admire, a car like a Ferrari, Bentley or Mini etc, the number of children you would like, I think you are getting the picture by now, just create a dream paper with all that you desire either written or even draw the image or you can even download some

images from [www.google.com](http://www.google.com) this really is a very powerful way of manifesting your dreams and it really does work, remember to place the paper by the sheng chi enhancer.

The heart should be cleansed of negative energy and empowered with positive Sheng Ch'i energy in moonlight or sun (this has already carried out to the ones that we sell) which is said to bring wealth, health and good luck. This cure and enhancer is so important in 2010 and why it comes standard in all our **2010 cures and enhancers kit**.

Whilst this star is very auspicious without cures this #4 star can bring both wanted and unwanted romantic opportunities to the household if the cures are not put in place. Having a door in the north with the cures can bring in new opportunities and lots of travel.

### Northeast is where Tai Sui (Grand Duke of Jupiter) resides in 2010

Like 2009 the NE is severely afflicted again in 2010 as we have Tai Sui here for the year but it is also combined with the malicious #2 star that can cause many legal and wealth problems and cures are needed here with a Wealth, protection & romance amulet for 2010 (Shi Dong Wu) which is included in our 2010 annual cures kit as standard. With Tai Sui, you may rely on him for support in that you may sit with him in the northeast and face the southwest. Do not confront him by undertaking any renovation or construction work in the northeast or by sitting in a position that is directly opposite him (southwest). In 2010, this means do not sit with your back to the southwest facing northeast even if this is your best direction. Most traditional Chinese families will place a gold coloured Pi Yao (included in our 2010 cures and enhancers kit) in the southwest of the home facing northeast to appease Tai Sui or if your main door is located in the northeast, place the Pi Yao just inside the door facing northeast. You should also place a salt water cure and six coins in a row in the northeast.

### Sui Po (The year breaker)

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2010 is southwest. You should treat this area the same as the other annual afflictions with no groundbreaking work, renovations or any noisy activities. If disturbed this area can and normally will cause immediate health problems especially for the elderly, so please be very careful. Traditionally to appease Sui Po in a Tiger year you need to display a gold coloured Pi Yao in the SW facing northeast in 2010, we have included the perfect one in our 2010 cures kit. If you have to carry out work or emergency repairs in the southwest place a six hollow metal rod wind chime (if you are using the 2010 cures kit you do not have to think about it) between the building and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our **Tong Shu date selection software**.

To disperse the effects of the year you should hang a set of six Chinese coins tied with red ribbon and placed in the southwest of your home or office this year to control the #5 star, you should also place a salt water cure. For full details on **2010 flying star analysis follow this link**. This is very important in 2010 especially if you have a main door, bedroom, office, lounge or other important room in the southwest and northeast.

## Rooster

26 Jan 1933-13 Feb 1934	13 Feb 1945-01 Feb 1946	31 Jan 1957-17 Feb 1958
17 Feb 1969-05 Feb 1970	05 Feb 1981-24 Jan 1982	23 Jan 1993-09 Feb 1994
	9 Feb 2005-28 Jan 2006	

A great year overall offering good relationships and wealth, although the Rooster will need to take care of their health this year especially those who like a tippie, smoke or do not have a good diet or lack in any exercise. Please take a look at your health especially if you are a Rooster born 1945 as they can

suffer most this year with regards to health, the stomach and chest are weak in 2010 but nothing to worry about. If you have a bedroom in the southwest or northeast and you are a Rooster place a Wu Lou beside your bed or some metal ornaments that are preferably round in shape. 2010 can be a bit tricky to start off with as the Rooster likes to plan and be organized; this does not mean that there will be no good to this; the Rooster will have a lot of success in 2010.

This year will work very well for you in your career, you will see a lot of success and you will find that your boss will have a lot of respect for you. If you are self employed, now would be a good year to expand your business as long as you are doing well.

Everyone in a Rooster household will need to come together this year and share the tasks around the house as this will bring the family closer together and you will get a lot more accomplished. If you are ever under any pressure at home, you will feel a lot better if you talk to a family member about your problems. Your home life in general will be quite good this year although you can get stressed from time to time so remember to take some rest.

Be careful with financial losses this year and it will only be a problem for you if you sign contracts or papers in haste, take time and check all papers thoroughly, but overall 2010 will be a great year for money for you. Romance is very good this year for the Rooster! Do not ruin a good relationship because of stubbornness. 2010 is the perfect time for Rooster women to get pregnant with ease. Married Roosters should not get caught up in affairs because once you've got bored of them; they won't be too easy to get rid of!

Those born in 1981 should adopt a flexible approach to new opportunities. Those born in 1993 should make the most of every opportunity to learn new skills. Those born in 1945 should act upon their ideas as this can help them develop as a person. Those born in 1957 should try to balance their lifestyle and make time for their loved ones. Those born in 1969 should be lively and attentive as you can make the most of opportunities that come their way.

Those of you born in 1945 & 1993 must drink plenty of water in September as you could develop kidney problems, take extra care in hotter weather. For further protection wear some **hematite beads or amethyst**. Whilst the year overall will be good you should look at some lifestyle changes, our health always seems much more valuable after we lose it and health is not always associated with the body, your mind was running wild in 2009 and need to slow it down in 2010, take up walking, exercise anything that is different to what you have been doing and don't worry all will be well with that problem.

You are in affinity with the Dragon. For your protection, you should have a **key chain pendant of a Dragon**.

**Cautions for month:** Take extra care in the months of May and December and make sure you check back with us monthly to get your updates for the month.

**Your lucky sector:** (astrological zone) is the west (262.5° – 277.5°) of the home or office.

Although the west is your astrological zone, this may not be the best direction for you to face when seated at work or doing anything important. If you are relocating your desk this year to face one of your favourable personal directions, please be aware of the directions and locations of the annual afflictions. If you are unsure of your Gua and best directions follow **this link** or maybe consider using our **Feng Shui software** that calculates Gua, Chinese animal including element, flying stars, annual, fixed and monthly and so much more.

## Dog

14 Feb 1934-03 Feb 1935	02 Feb 1946-21 Jan 1947	18 Feb 1958-07 Feb 1959
06 Feb 1970-26 Jan 1971	25 Jan 1982-12 Feb 1983	10 Feb 1994-30 Jan 1995
	29 Jan 2006-17 Feb 2007	

Although many books and website predict an unsettled year, I feel overall offering good relationships and wealth, although the Dog will need to take care of their health this year especially those born in 1958. Please take a look at your health if you have a bedroom in the southwest or northeast place a Wu Lou beside your bed or some metal ornaments that are preferably

round in shape. 2010 can appear to be an unstable year for the Dog as luck is inconsistent this year. There are signs of disagreement in career and lots of confusion in dealing with things.

There may be some disagreement at work for you and there could be a lot of problems with deals and contracts if you are in a trading business or similar. 2010 is not a good year for you to change jobs or expand your business so try and stay where you are although this is not all that easy with the economic downfall still continuing. 2010 is not a good year for big investments so try and avoid this.

This will be a very successful for all the creative Dogs out there; this includes people involved in art, dramatics, singers, writers and anyone in the entertainment industry. Students can expect to do very well this year. This year would be good for you to travel abroad for work as there are many opportunities in different countries for Dogs this year.

Big purchases and impulse buys are to be kept to a low this year as you will be tempted to spend your money a lot, this is not recommended as you will need to manage your money and keep an eye on your accounts throughout 2010. Your health will overall be good this year although you may feel moody at times or even stressed. The younger and older generation of Dogs should monitor their health throughout this year as they are likely to have a minor accident or fall ill.

Relationships will not be at their greatest this year and disputes are likely to come about with your loved ones at times so try to keep arguments to a low and try to adapt to each others needs; this is especially true for married couples. Those born in 1970 should try to expand your talents to make yourself feel active and needed. Those born in 1982 should take action and take charge of improvement. Those born in 1994 should take the support that others offer them to calm stress in their life. Those born in 1946 should seize their opportunities as the results will be favorable. Those born in 1958 should act fast and try to move forwards, your year will be very good for business and relationships. Whatever age Dog you are do not take risks this year in any sector of your life, so no gambling, playing stock and shares or even high-risk sports. Take it easy but stay alert as you will need your wits about you, this will be a year of "discovering yourself", seriously, this may sound a bit of a cliché but you will find you discover things about yourself that you never realised were there and remember not to mistake knowledge for wisdom. One helps you make a living; the other helps you make a life, enjoy your year.

You are in affinity with the Rabbit. For your protection, you should have a **key chain pendant of a Rabbit**.

**Cautions for month:** Take extra care in the months of April and October and make sure you check back with us monthly to get your updates for the month.

**Your lucky sector:** (astrological zone) is the Northwest (292.5° – 307.5°) of the home or office. If you are unsure of your Gua and best directions follow **this link** or maybe consider using our **Feng Shui software** that calculates Gua, Chinese animal including element, flying stars, annual, fixed and monthly and so much more.

This is very important in 2010 especially if you have a main door, bedroom, office, lounge or other important room in the southwest and northeast.

## Boar /Pig

04 Feb 1935-23 Jan 1936	22 Jan 1947-09 Feb 1948	08 Feb 1959-27 Jan 1960

2010 may not be the greatest of years for the Pig if you do not follow my advice. There is the possibility of a lawsuit coming to the Pig this year so it is highly recommended to be careful when you are signing contracts or dealing with people especially if you have an important room or main door in the south or southeast.

The amount of work you put in at work will not be proportional to the results you get so try and think things through before you go ahead with them. You must be careful with your finances this year, especially towards the middle of the year.

During the summer, be careful not to take too many risks like extreme sports or dangerous activities, you should also try to avoid alcohol and gambling this year; a glass of wine with your dinner won't hurt you though!

It's not all bad, if you keep a positive attitude and put effort into your work you can make 2010 a successful year for you. Your health will be average throughout 2010 although you could suffer from minor illnesses or accidents, which is why you should avoid dangerous sports and activities.

Your romantic life will have its setbacks if you are looking for long term relationships; you will go on many dates but you will not find it as easy to find a strong bond with a partner. Arguments will take place with married couples this year so try and keep peace around the home.

Those born in 1971 should spend more time with their loved ones and talk to them about their problems. Those born in 1983 should be willing to accept support from people offering it as they will benefit from this. Those born in 1935 should be prepared to ask for help when something becomes too much for them, this will lift a great weight off their shoulders. Those born in 1947 should consider expanding and developing their interests for a new outlook on life. Those born in 1959 should be willing to adjust to new situations. This year you must not let yourself stagnate, look at new opportunities, work hard without affecting health and if you are in a position try and spend time travelling this year for business or pleasure, I know it easy for me to say as you are probably feeling tired but it will get better very soon and you will have good times ahead and stop worrying about others and spend some time on yourself this year. Falling down is not defeat; defeat is when you refuse to get up and even though the year may not sound great this is only a tiny influence on what happens in your life, if you follow the advice on these 2010 pages your year will be very good, you will avoid all problems, have a fantastic year.

You are in affinity with the Tiger. For your protection, you should have a **key chain pendant of a Tiger**.

**Cautions for month:** Take extra care in the months of May, August, September and December and make sure you check back with us monthly to get your updates for the month.

**Your lucky sector:** (astrological zone) is the Northwest (322.5° – 337.5°) of the home or office. Although the northwest is your astrological zone, this may not be the best direction for you to face when seated at work or doing anything important. To find your personal favourable or unfavourable directions, you have to look at your personal Gua number based on the year you were born.

Try to face one of your personal favourable directions when you are doing something important or when seated at your work desk. To find your personal favourable or unfavourable directions, you have to look at your personal Gua number based on the year you were born.

#### **To enhance wealth, luck and career in 2010:**

The most powerful and important cure in 2010 is called a Cui Hua Ji Master cure. This cure is only known to a few Masters and in the old days and even now in Asia you would need one of the most excellent Feng Shui Masters to call at your home or business and spend hours carving the secret inscriptions onto an earth plate square tile cut to exact measurements, made from an earth element such as slate or marble and placed in the centre of your home and then setting eight special quartz crystals. This will normally cost tens of thousands of pounds and obviously only available to the very rich which is still the case in many parts of the world and the reason why we create these powerful cures, so all can afford them and even create them yourselves.

Each crystal is used to work in perfect synergy with the inherent element of the Luo Shu Trigrams giving enhanced protection, wealth, health & peace of mind and releasing the #8 star from the centre to permeate the whole building. We only use the finest quality authentic quartz crystals and they have to be placed exactly as shown in the enclosed instructions with an auspicious dynasty Chinese I-ching coin placed in the centre of the earth plate which must measure between 103 & 108mm and the ones we created are

made from 600 million year old Snowdonia slate which is the finest quality earth element you will ever see. This earth plate must face a certain compass direction (the instructions show you how to set this up even if you do not own a compass for northern and southern hemispheres, so it does not matter where in the world you are. This is one of the most powerful and commanding cure and enhancer for wealth, health, relationships and protection and because this cure is very important for wealth in 2010 we decided to include it standard in all our **2010 cures and enhancers kit**. If you follow this link you will find full details **2010 flying star analysis follow this link**.

#### To enhance romance in 2010:

Romance can be enhanced in the north and centre of your home, **click here** for further details.

Be careful if your main door, bedroom or office or any other important room is located in the south, southwest or northeast this year 2010 and make sure you follow the **2010 Flying Star (Xuan Kong) recommendations**. If your office or bedroom is located in one of the directions mentioned, please be aware that in the months of March, May & July 2010 you should make sure you at least place a **Wu Lou or six Chinese coins** tied in a row with red ribbon for the month especially if you are not in good health or very stressed. To further enhance 2010 check out the **monthly almanac, flying stars and animal predictions** as it not only recommends good and bad days to carry out certain tasks, it will also advise if it is good for your animal sign.

If you would like to be informed in advance of the monthly, annual and fixed flying stars for the rest of your life giving you the ultimate control of your home or business, you should consider our **advanced Feng Shui software**; it is used by thousands of Feng Shui Masters, Practitioners and students throughout the world. Combining this with our new incredible and extremely powerful **Tong Shu Almanac date selection software** this will make 2010 a better year indeed.

#### North is the location and direction of the Three Killings

When at work, you may sit facing the north direction only if this is one of your personal good directions, if not, do not sit with your back to the north or you may find unscrupulous people working against you or you may encounter undue gossip and back stabbing during the year. A very powerful enhancer and little known talisman is placing a stone heart specially carved and engraved with a Sheng chi enhanced talisman, the whole cure then needs to have a thought form charm placed inside and positively empowered with sheng chi energy (this is already applied to the one's that we sell). I really do love this cure especially as it is a traditional and little known enhancer to only a few Feng Shui masters. The secret to it is the addition of a piece of earth coloured paper (cream/yellow) with Talismans printed on the paper, you either write your desires/wishes on the paper or cut out an image and stick it on. The image should represent everything you want to achieve in life, an example to some would be a picture of a beautiful home that you desire, a male or female that you admire, a car like a Ferrari, Bentley or Mini etc, the number of children you would like, I think you are getting the picture by now, just create a dream paper with all that you desire either written or even draw the image or you can even download some images from **www.google.com** this really is a very powerful way of manifesting your dreams and it really does work, remember to place the paper by the sheng chi enhancer.

The heart should be cleansed of negative energy and empowered with positive Sheng Ch'i energy in moonlight or sun (this has already carried out to the ones that we sell) which is said to bring wealth, health and good luck. This cure and enhancer is so important in 2010 and why it comes standard in all our **2010 cures and enhancers kit**.

Whilst this star is very auspicious without cures this #4 star can bring both wanted and unwanted romantic opportunities to the household if the cures are not put in place. Having a door in the north with the cures can bring in new opportunities and lots of travel.

#### Northeast is where Tai Sui (Grand Duke of Jupiter) resides in 2010

Like 2009 the NE is severely afflicted again in 2010 as we have Tai Sui here for the year but it is also combined with the malicious #2 star that can cause many legal and wealth problems and cures are needed here with a Wealth, protection & romance amulet for 2010 (Shi Dong Wu) which is included in our 2010 annual cures kit as standard. With Tai Sui, you may rely on him for support in that you may sit with him in the northeast and face the southwest. Do not confront him by undertaking any renovation or construction work in the northeast or by sitting in a position that is directly opposite him (southwest). In 2010, this means do not sit with your back to the southwest facing northeast even if this is your best direction. Most traditional Chinese families will place a gold coloured Pi Yao (included in our 2010 cures and enhancers kit) in the southwest of the home facing northeast to appease Tai Sui or if your main door is located in the northeast, place the Pi Yao just inside the door facing northeast. You should also place a salt water cure and six coins in a row in the northeast.

### Sui Po (The year breaker)

Sui Po year breaker occupies the division directly opposite Tai Sui Grand Duke, which for 2010 is southwest. You should treat this area the same as the other annual afflictions with no groundbreaking work, renovations or any noisy activities. If disturbed this area can and normally will cause immediate health problems especially for the elderly, so please be very careful. Traditionally to appease Sui Po in a Tiger year you need to display a gold coloured Pi Yao in the SW facing northeast in 2010, we have included the perfect one in our 2010 cures kit. If you have to carry out work or emergency repairs in the southwest place a six hollow metal rod wind chime (if you are using the 2010 cures kit you do not have to think about it) between the building and where the work is being carried out and ideally you should contact a professional Feng Shui Practitioner to select an auspicious date to start the work or consult our **Tong Shu date selection software**.

To disperse the effects of the year you should hang a set of six Chinese coins tied with red ribbon and placed in the southwest of your home or office this year to control the #5 star, you should also place a salt water cure. For full details on **2010 flying star analysis follow this link**. This is very important in 2010 especially if you have a main door, bedroom, office, lounge or other important room in the southwest and northeast.
