Let's take it a step further. It can work to a person's advantage if the hour and the month of the year are also in harmony with the person's earthly branch. I must stress that this is only a general way of making the best of the situation with the limited information that is provided here. A more complete and precise analysis of a person's best timing requires a much more in-depth interpretation of the individual's "Bà Zi" (Four Pillars).

Now say that the day is an auspicious one for you and you want to start a new business, you would choose the good days to open a business from this almanac, you may want the door opening ceremony conducted or sign contract on the hours that are compatible to you. If for example you are a dog, the most compatible hours from the chart below would be (5am – 7am), (11am – 1pm) and (7pm – 9pm). Now, even if it is not a good day, at least try to use the good hours for important things. Below is a table that offers the corresponding compatibility of the twelve earthly branches. If you do not know your Chinese animal use the chart below.
